

**Hello,  
Greetings of the day!**

Thank you for choosing ITS Myservices! For over 3 years, we've delivered reliable IT and digital marketing solutions tailored to your goals. Our expert team is ready to create a custom strategy to grow your business with professional web, SEO, and marketing support.

### **Our Cyber Security Services Include.**

- **Vulnerability Assessment & Penetration Testing (VAPT):** Identify and fix weaknesses in your website, apps, or IT infrastructure before hackers do.
- **Firewall & Network Security Setup:** Install advanced firewalls and configure networks to protect against internal and external threats.
- **Malware & Ransomware Protection:** Advanced tools and strategies to prevent, detect, and remove malicious software.
- **Data Encryption & Privacy Compliance:** Secure your business-critical data using industry-grade encryption and ensure compliance with GDPR, HIPAA, and other standards.
- **Cloud Security Services:** Secure your cloud platforms (AWS, Azure, GCP) with access controls, monitoring, and threat prevention.
- **Email Security & Anti-Phishing Protection:** Block spam, spoofing, and phishing attacks to protect employee and customer communications.
- **Security Awareness Training:** Educate your team with real-world scenarios to prevent human error, the biggest cybersecurity threat.
- **Incident Response & Recovery:** Rapid response and expert remediation in case of a breach or cyberattack.
- **24/7 Threat Monitoring & Support:** Round-the-clock surveillance of your digital assets to catch threats before they cause damage.

#### **◆ Our Cybersecurity Process:**

- **Initial Security Audit & Consultation** – Understand your current IT posture and risk level.
- **Threat Mapping & Risk Assessment** – Identify vulnerabilities and potential entry points.
- **Implementation of Security Measures** – Deploy firewalls, antivirus, encryption, backups, etc.
- **Training & Policy Setup** – Guide teams to adopt safe digital practices.
- **Continuous Monitoring & Reporting** – Real-time alerts and monthly security reports.

## ! Terms & Conditions

- Service scope is defined post audit and client approval.
